EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Laura R. Wanek on 1/17/2007.

The application has been amended as follows:

Cancelled Claim 1 and 2.

End

REASONS FOR ALLOWANCE

1. Claims 3- 17 are allowed over the prior art of record.
2. Claims 1 and 2 have been cancelled.
3. The following is an examiner's statement of reasons for allowance: The Applicant has agreed to cancel claims 1 and 2 have by Examiners Amendment. The Applicant arguments filed on 4/2/2006 with respect to claims 3-17 are persuasive. The feature of independent claims 3, 7, 8, 9, 12, and 17 directed towards allowable subject matter is the feature wherein the value of the offset has the same polarity at all times during operation except during signal application and wherein the offset is applied automatically at all times during operation except during signal application. As argued by the Applicant Tanaka provides an inverting offset and there is no reasonable motivation to alter Tanaka to provide for a non-inverting offset. New prior art of record, Yamazaki et al., found in the updated search also teaches of an inverting offset, column 5 lines 35-57, and further teaches away from a non-inverting offset, column 5 lines 45-57. Tanaka or Yamazaki in combination or alone fails to teach or suggest of said claimed limitations. Therefore said feature of claims 3, 7, 8, 9, 12, and 17 in combination with the other limitations of the claims make them allowable over the prior art of record.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to **David L. Lewis** whose telephone number is **(571) 272-7673**. The examiner can normally be reached on MTWTHF from 8 to 5. If attempts to
